It's that time of year again; The Mountain Laurel Classic is just around the corner! And we want to extend a personal invitation to each one of you to participate in this year. Our mission is to provide breeders a venue to buy and sell cattle that have superior genetics and are phenotypically consistent and most of all, cattle that will perform in both purebred and commercial herds.

The sale will be held at the University of Georgia Livestock Pavilion in Calhoun, GA on Saturday November 12<sup>th</sup> at 11:00 am. We will offer approximately 50 - 60 purebred female lots with 15 - 20 select Star-5 lots. Plus, we will be offering a few top quality bulls.

Screening standards are attached for your review. All animals will be screened upon arrival at the sale grounds. Anyone who wants their lots pre screened, contact Darren Richmond (info below). We will also be cataloguing *Ultra Sound, Gain Test and Gene Star Data*, so get your samples sent in immediately to allow time for testing to be completed and catalogued. **Remember, the better condition your cattle are in and the more information you provide, the more interest your animals will attract from both the purebred and commercial cattleman.**

Look for more information in upcoming issues of Santa Gertrudis USA, Cattle South, Cattle Today, Georgia Cattleman, Gulf Coast Cattleman, Carolina Connection, Alabama Cattleman, Tennessee Cattle Business, Cow Country News plus our website. Please call or email us with any questions.

We look forward to seeing you in Calhoun on November 12<sup>th</sup>.
